

## DESOI PowerPump CR

No. 10568

### Description

The compact electric DESOI PowerPump CR has been specially developed for the moisture barrier system. The ready-mixed cream is sucked out of the 6 l material container by a suction system. The working pressure is preset to 10 bar.

### Material to be used

- Injection creme

### Delivery range

moving device, 6 l material container, 5 m material hose  $\varnothing$  13 mm, machine connection: detachable double nipple  $\frac{1}{2}$ ", valve for fine regulation of the application quantity, pistol with filling lance  $\varnothing$  10 x 500 mm, incl. instruction manual

### Advantages

- Preset pressure
- Large dimensioned material passages
- Suction directly from the material container
- No material loss - high suction power
- Simple operation and cleaning
- Immediately ready for operation

1. Pistol with filling lance

2. Reducing valve for regulating the delivery rate

### Technical data

Power supply	230 V
Motor power	0.37 kW
Delivery rate	2.0 l/min
Weight	38 kg
L x W x H	58 x 48 x 100 cm

### Accessories

	No.
Filling lance, 10 x 500 mm	500-01-523
Filling lance, 10 x 700 mm	500-01-873
Filling lance, 10 x 1.000 mm	500-01-874
